Funk Software Odyssey Client Software – Price List

802.11 Wireless Network customers may order Odyssey Client software through ITS. The Odyssey Client is required for authorized access to the State 802.11 Wireless Network, and for Wireless Access to DSL for Telecommuters.

ITS can place purchase orders on behalf of 802.11 Wireless Network customers for Odyssey Client Software from Accuvant, Inc. [State contract # 056164]

To order the Odyssey Client through ITS, please complete and submit the Odyssey Client order form on the ITS 802.11 Wireless Network web page.

The following prices apply to the quantity ITS purchases from the vendor in a quarter. Depending on how many orders ITS places each quarter for all customers during that quarter, the price those customers are charged will equate to that quarter's quantity. A customer's price will never be more than the price for the quantity that customer orders.

Quantity	Client plus 1st year Maintenance/Support
1-10	55.75
11-20	45.95
21-50	39.90
51-100	37.40
100-150	36.20
151-250	35.40
251-500	32.40
501-1000	31.15

ITS will coordinate the purchase of annual maintenance for subsequent years for customers who purchase the Client through ITS.

Quantity	Annual Maintenance/Support for subsequent years.
1-10	16.40
11-20	14.00
21-50	12.75
51-100	11.75
100-150	11.55
151-250	11.50
251-500	10.40
501-1000	10.00
